

THEOVISION INTERNATIONAL KENYA 2025

ANNUAL NEWSLETTER

REACHING FURTHER, GROWING DEEPER

VISION

We seek to make all hear God's voice and be transformed.

We believe that more lives can be transformed if they have the opportunity to hear God speak to them in their mother language. It is our vision that Africa and beyond will hear God's word in their mother tongue.

MISSION

We exist to share God's Word and His love in Africa and beyond in indigenous languages, using cutting-edge oral methods.

By sharing God's Word, we are expressing His love and fulfilling the mandate of the Great Commission.

Theodore Philip Asare
President, Theovision International

FORWARD

As Theovision International enters a new chapter under the leadership of its new President and CEO, Mr. Theodore Philip Asare, the call is clear: the mission must go deeper, and it must be done together. Mr. Asare's Spirit-led vision is to see families restored, churches planted, and communities across Africa transformed as people hear God's Word in their own languages—especially within oral cultures, seen not as a barrier but a divine opportunity.

This vision is shared with faithful partners whose prayers, generosity, and commitment have carried the Gospel to hard-to-reach places where hope is most needed.

“TOGETHER, WE BECOME STEWARDS OF SOMETHING BIGGER THAN OURSELVES.”

Helen Etyang
Country Director, Theovision
Kenya

In 2025, we give all glory to God for a fruitful and impactful year as Theovision celebrated 22 years of ministry in Kenya, continuing to bring God's Word to remote and marginalized communities. Significant progress was made in community outreach, language recording, and audio production. We expanded Scripture access into four additional African countries; Zimbabwe, Tanzania, Uganda, and Mozambique.

Powerful testimonies of healing and salvation affirmed the impact of this work, made possible through faithful partnerships. As we look toward 2026, we do so with gratitude, renewed commitment, and confidence in God's continued guidance for even greater impact.

OUR IMPACT

500+ Languages
of the Bible Recorded, Globally

7 Countries
in Africa where BLG trainings
and audio Bible recordings were
conducted.

8 Counties
in Kenya where BLGs were
conducted.

6,060 People
reached with the Word of God

606 Participants
trained as BLG leaders

FAITH UNDER FIRE: RECORDING THE AUDIO BIBLE IN THE MIDST OF WAR

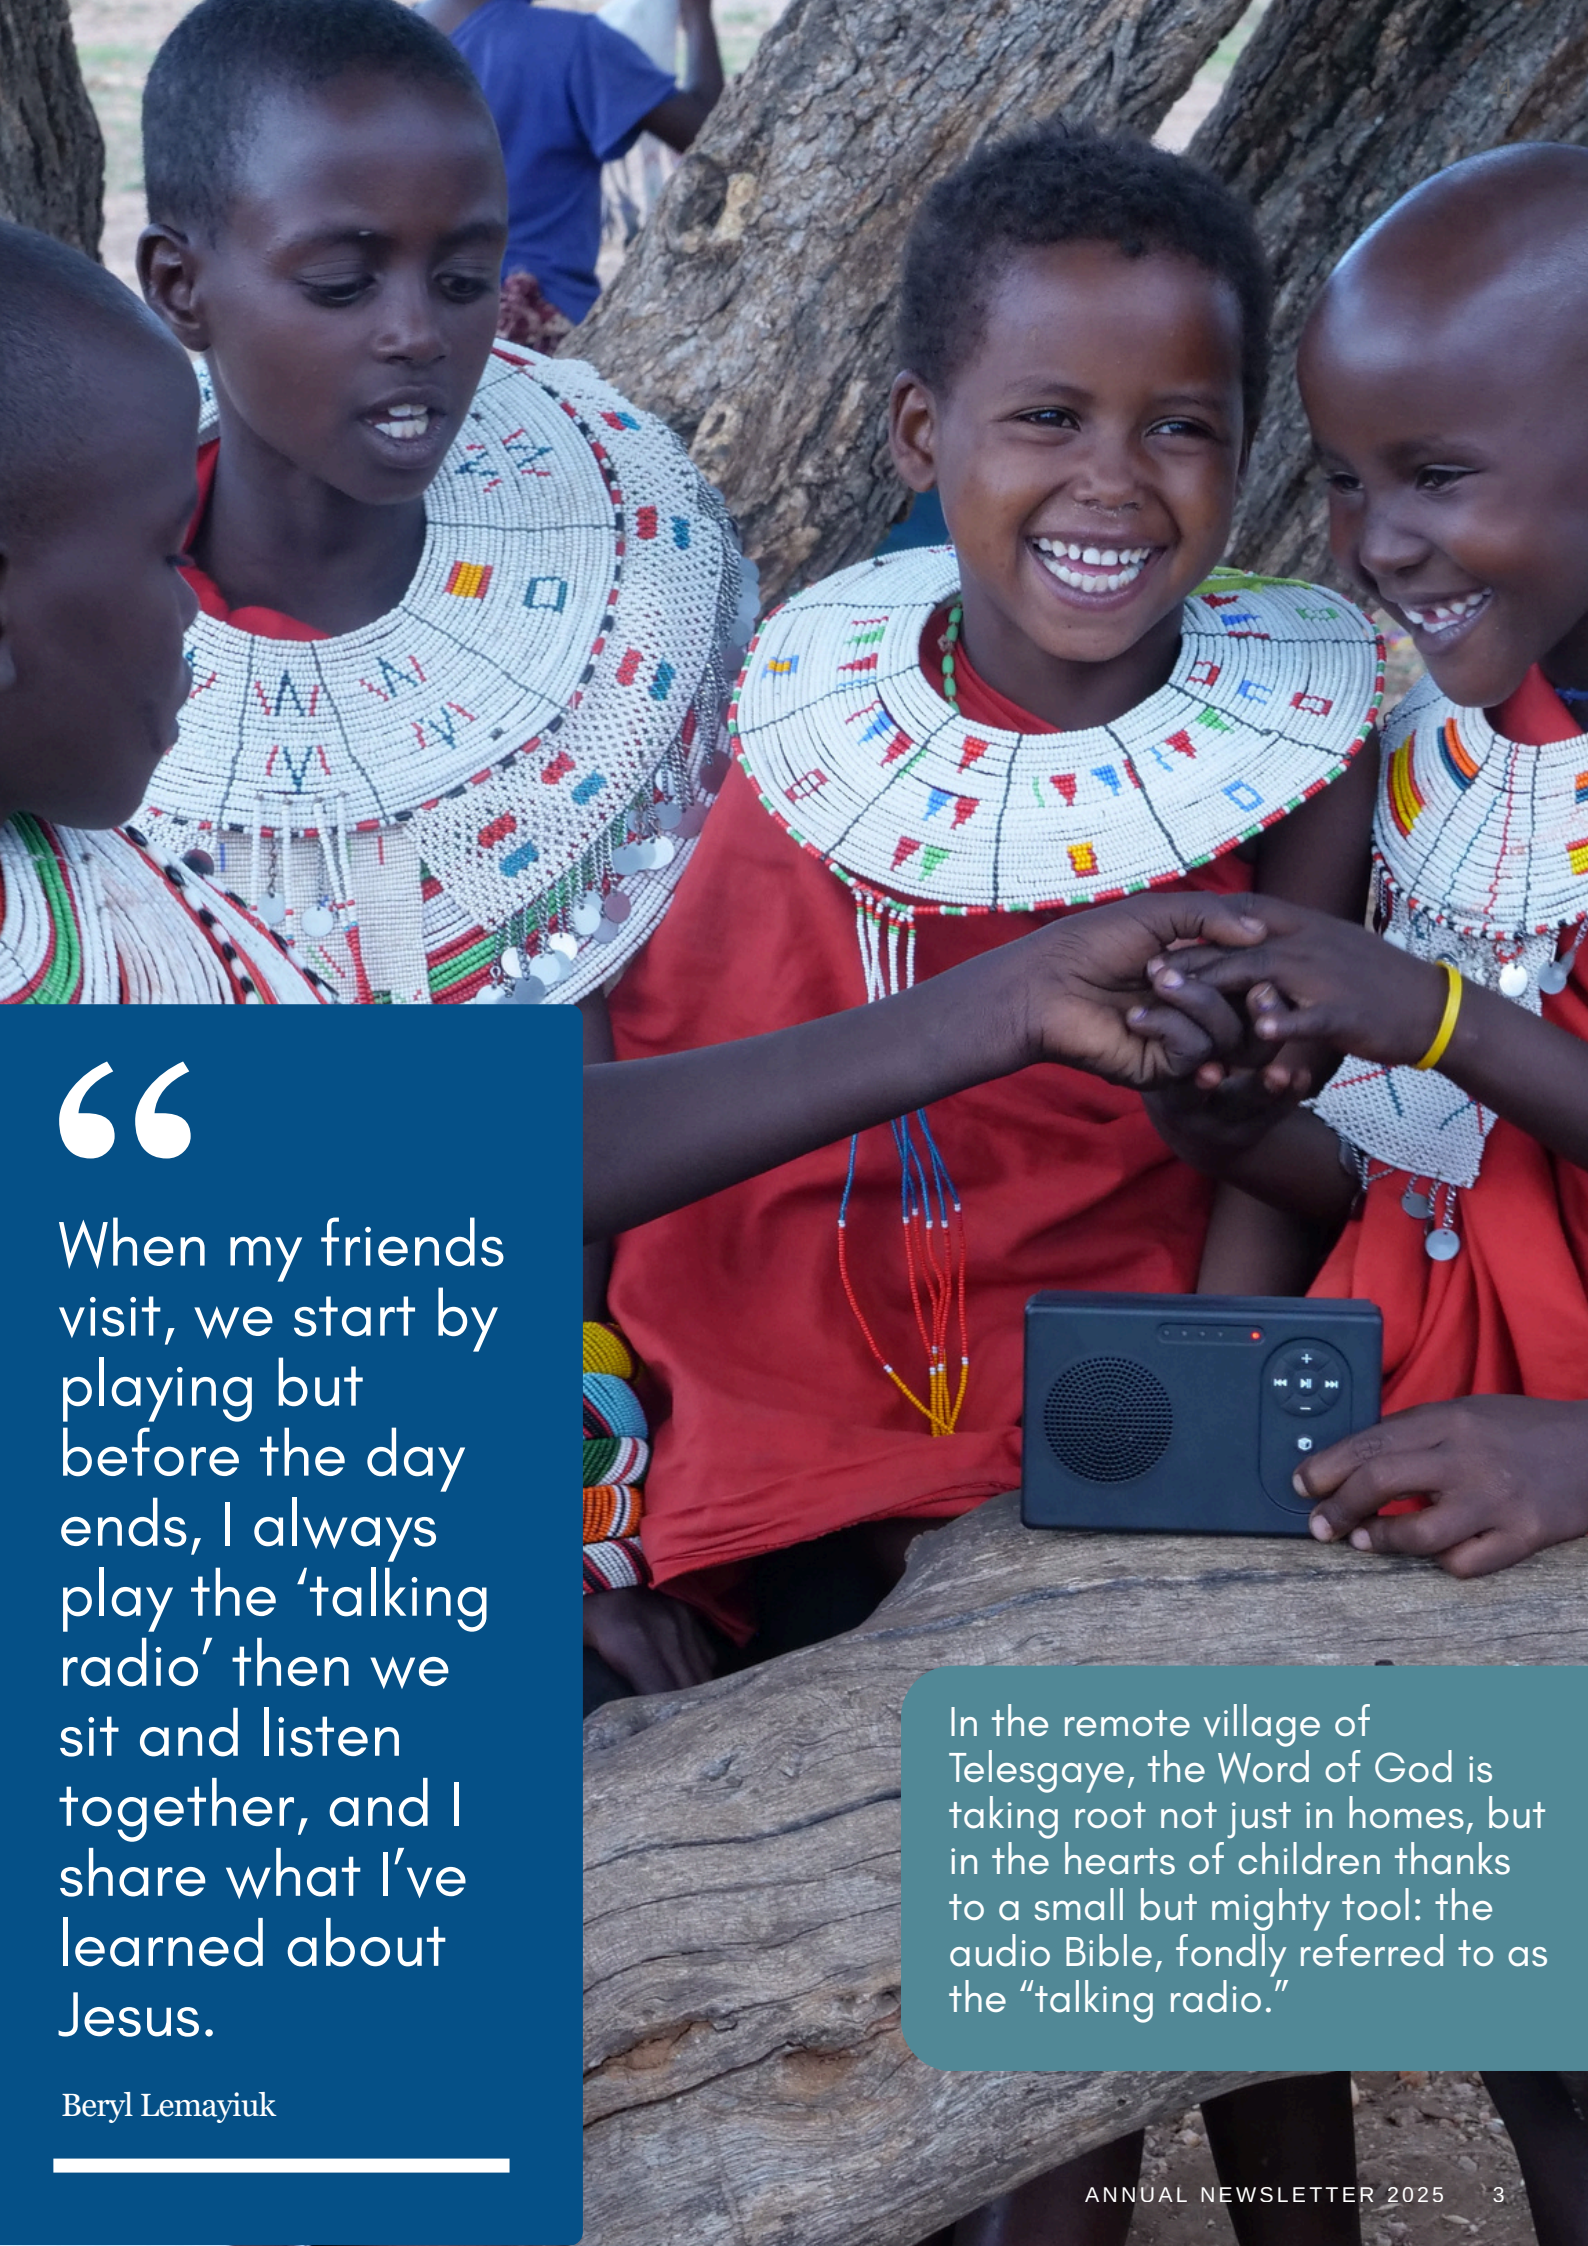

“

Can you imagine recording God’s Word while gunshots echo in the distance and fear follows every step?

In Juba, South Sudan—while war still raged—the New Testament was recorded in Dinka Cham, a language spoken by nearly one million people. Eleven readers and three translators worked with focus and faith, crossing armed checkpoints each day to reach the studio. Outside, conflict and uncertainty lingered; inside, God’s Word was being spoken into life.

By God’s protection, the recording was completed.

“

When my friends visit, we start by playing but before the day ends, I always play the ‘talking radio’ then we sit and listen together, and I share what I’ve learned about Jesus.

Beryl Lemayiuk

In the remote village of Telesgaye, the Word of God is taking root not just in homes, but in the hearts of children thanks to a small but mighty tool: the audio Bible, fondly referred to as the “talking radio.”

HER FIRST CLASSROOM WAS A BIBLE LISTENING GROUP TRAINING CLASS

Kakua Ode has never been to a classroom. In Telesgaye village, Marsabit County, where the sun is harsh and opportunities for women are few, girls grow up learning how to care for homes, not how to read.

One day, Kakua walked into something she never imagined — her first classroom. No desks. No chalkboard. Just women like her, sitting together, listening.

When the audio Bible began to play in her own language, her face lit up. This is the first time she truly understood God's Word, not through someone else, but for herself.

YOUNG WARRIORS INTERGRATE AUDIO BIBLES INTO THEIR DAILY ROUTINES

From a young age, Samburu boys enter a season of warriorhood (morans), leaving their families to live in isolated manyattas and roam vast landscapes guarding livestock and searching for pasture.

When Theovision Kenya introduced the audio Bible in Samburu, the morans approached cautiously, circling the device with the intensity of trained warriors.

But as the first words of Scripture played in their heart language, their faces softened, and smiles appeared. Today, they travel with the audio Bibles to watering points and grazing fields. They chose to accept God's Word, carrying it with courage and faith into their daily lives.

COMMUNITY OUTREACH THROUGH MEDICAL CAMP IN MKUNDI

After a Bible Listening training in Kwale, Theovision Kenya in partnership with County Government of Kwale, Evangelical Lutheran Church of Kenya, World Mission Prayer League, Mkundi Dispensary Hospital and Kwale Eye Clinic, conducted a medical camp bringing much needed services directly to the community.

“

“Once you address people’s health needs, it becomes easier to share the Word of God with them.” Rev. Wellington Kioko (Evangelical Lutheran Church)
